

# Welcome Back

## Bethlehem Lutheran Church

While uncertainty remains, we live in faith and hope --- adapting to new ways of living, learning, and interacting. We are especially grateful for the relationships which sustain us and for those renewed and strengthened in these times of great challenge. With even more joy than usual (and honestly, a bit of anxiety), we welcome our members of Bethlehem Lutheran Church back to worship in our building October 11, 2020 at 9:30 AM.

This fall, we will all be called to continue to grow through new ways of thinking, doing and being. Especially in these times, our enduring commitments and shared core values of Christian faith, excellence, community, and service bind us together in strength for the journey ahead. We are all in this together, for Bethlehem Lutheran Church.

Bethlehem Lutheran Church has put together a re-opening plan for our congregation. I would like to highlight a few bullet points so you will be aware of some expectations going forward.

- Members who are at higher risk, caretakers of those at risk, have a fever, cough, difficulty breathing or showing symptoms of Covid-19 should take good care of yourself and stay home.
- If flare-ups of virus occur locally or regionally, service may be canceled.
- Cleaning and sanitizing materials will be on hand.
- Wearing a mask will be required.
- One entrance main northwest door open.
- Collection plate near entrance.
- Seating first come first serve, with pews roped off for non-seating.
- Seating will feature social distancing six (6) apart in each pew.
- No song books, or other printed materials will be provided.
- Once service is over you will be ushered out from back to front.

May you and your family have a blessed, healthy, and safe fall season ahead.

The best is yet to come,

Craig W. Wiese
